Group Worksite Short-Term Disability

Short-term Disability insurance helps to replace an employee's income due to non-occupational illness or injury (pregnancy included). After the elimination period, the benefit will be 60% of covered weekly earnings up to the Maximum Weekly benefit selected. As long as the employee meets the definition of disability and continues to be disabled, this benefit will be paid based on the duration elected (or the start of Long-term Disability coverage). A 3/12 pre-existing condition exclusion clause applies.

Tax Reporting Services
